WHEREAS none of Canada’s Tri-Council Agencies have student representatives on their governing councils;

WHEREAS students are well-qualified to provide high-quality input, oversight, and strategic guidance on matters relating to research funding in Canada;

BIRT the GSS supports the appointment of student representatives to the governing councils of the Tri-Council Agencies.

MOVER: Alison McAfee  SECONDER: Tobias Friedel

Motivation. The initiative is coming from the GU 15, an association of graduate students’ organizations, requesting the GSS to pass a motion on the student representation at the Tri-Council agencies.
It was asked the rationale behind the expression of support rather than request being invited to the table, to which the answer was that the student position has not been established yet. It was further asked the effect of the motion passed, to which the answer was that the approval will establish GSS position statement on the student representation at the Tri-Council Agencies.

Motion to amend to strike “supports” and replace with “requests”.

**MOVER: Tobias Friedel**  **SECONDER: Harry Li**

Motivation. GSS shall be actively requesting the appointment of students to the Tri-Council Agencies.

**MOTION PASSES**

11. **WHEREAS** UBC has proposed a policy in which the UBC Board of Governors would grant pre-approval to the tuition of future Dual-Degree Program Options; 

WHEREAS this approval would apply for an indefinite period of time to future Dual-Degree Program Options which have not yet been proposed;

WHEREAS it is the duty of a Governor to "exercise the care, skill and diligence that would be exercised in the same circumstances by a reasonable person";

WHEREAS Senate does not pre-approve Dual-Degree Program Options and instead considers each proposal individually as they arise;

BIRT the GSS is opposed to any policy which would grant pre-approval for the tuition of new Dual-Degree Program Options at UBC;
BIRT BIFRT the GSS supports the principle that each new dual-degree program option which has had its curriculum considered and approved by Senate should be required to have its tuition proposal considered and approved by the Board of Governors.

BIFRT the GSS supports the principle that tuition proposals for new Dual-Degree Program Options should be considered as a change to tuition and therefore subject to UBC Policy #71.

MOVER: Tobias Friedel SECONDER: Jack Hickmott

UBC presented a policy in regards to the future Dual-Degree programs where the Board of Governors automatically grants pre-approval for the tuition fees. This policy raises a number of concerns, such as the amount of tuition and for which programs. Given that the Senate considers each curriculum proposal individually, it was emphasized that the Board of Governors should also consider each tuition proposal individually. It is aimed at avoiding a double tuition fee for the combined programs.

Note. Friendly motion to replace the second “BIRT” with “BIRFT”, remove “#” after “UBC Policy”.

It was asked how the current programs are being run, to which the answer was that each program is evaluated independently.

MOTION PASSES

12. WHEREAS the GSS has six seats on the Graduate Council;

WHEREAS in the past student representatives held a total of 4 seats of the three standing committees of the Graduate Council;

BIRT the Graduate Student Society requests to continue occupying four seats on the standing committees of the Graduate Council according to the previous distribution to ensure the proper student participation and consultation throughout all decision-making processes in relation to the graduate student education at the Graduate Council.
