I. Council Motions

8. Vice-President Administration Report

- Update on VP Administration on goings and plan for the year:
  - The Pub: After Koerner’s Pub was closed in 2010, it wasn’t until 2012 that a bargaining agreement was reached with the union. In June 2012 the GSS decided against running the pub on its own and issued a request for proposals from 3rd parties to run the pub. In September, 2012 the GSS chose HK Commerce’s proposal. In February 2013 the legal paperwork was
finished and it was agreed to have a joint venture agreement that defines how much they’ll pay, who will hold liabilities, and how the pub will be managed. The liquor licence issue was decided during the last council meeting. The application was sent to the licence board and is now concluded.

- Code and Policy Committee: The committee is looking to simplify the process for students to use GSS funds, and to restructure the current way in which the Executive Oversight Committee works. They are also looking to streamline processes through which decisions are made in the GSS and consultations about our constitution.

- Human Resources Committee: The committee is seeking to prevent HR-related problems and grievances, which are onerous to the GSS. Will revise the HR handbook in line with related (provincial and federal) laws. Additional items include reviewing the GSS coordinators pay-rate and the GSS evaluation formats.

- Victor announced that he would be resigning on July 1st. For the election to fill his vacancy, there are two options: to have a by-election or for Council to directly appoint someone.

- To help decide which of the two options Council wanted, the following motion was presented:

  WHEREAS when the 2011/12 Vice-President Finance resigned in December 2011, Council directed the Executive committee to appoint a new interim Vice-President Finance;

  WHEREAS when the 2012/13 Vice-President Academic and External Affairs resigned in June 2012, Council gave the Elections Committee the ability to determine the method of electing this position;

  WHEREAS current Bylaw 6.5 “Executive Vacancies” states that Council may choose to fill the vacancy by either an appointment of any GSS member or a by-election open to all GSS members;

  WHEREAS in the past two years the appointment has been made by a Council appointment;

  BIRT Council will appoint a replacement to the current Vice-President Administration at the June Council meeting as per Bylaw 6.5.2;

  BIFRT this appointee will be selected by an election at Council;

  BIFRT the President will ensure all graduate Students are informed of this appointment election through a UBC-wide email.

  MOVED: Christopher Roach; SECOND: Conny Lin

  Christopher motivated the motion and supported the direct appointment. All students will receive an email; nominations will be received until June 3rd; the election will take place on June 20th. Every candidate will give a brief speech, followed by a question period.

- It was asked and answered that the by-election’s advantage is having the same protocol as a full-on election, but it is more costly as we’d have to pay the chief electoral officer and create
advertisements; Chris emphasizes that the costs shouldn’t be the deciding factor. Regarding the appointment option, it is faster and historically we’ve had more candidates and excellent execs chosen this way. Conny confirmed that the by-election is considerably more cost effective and the results are good as the process is more intimidating for candidates.

- It was asked and answered that in the last by-election there were no external candidates.

**PASSED**

9. **MBA MOU**

- The MBA Society was recently looking to get 3rd party liability insurance for events they hold off campus. The GSS was unable to give this to them, so they were looking to incorporate and become a Society. However the University was not keen on this idea and suggested they become a club of the AMS which would solve the problem.

- In order to be an AMS club, all of their money must be held by the AMS. Because the GSS collects the MBA Society’s student fees, an MOU must be approved by the AMS and GSS in which the GSS states it will hand over all money to the AMS once collected; this is the reason for this motion.

**WHEREAS** the MBA Society is the student organization that represents MBA students;

**WHEREAS** the MBA Society would like to become an AMS Club to access their off-site liability insurance;

**WHEREAS** in order to become an AMS Club the MBA Society must agree that all money collected on their behalf must be held by the AMS;

BIRT Council approves the Memorandum of Understanding between the Alma Mater Society and the Graduate Student Society, concerning the MBA Society, as presented.

MOVED: Christopher Roach; SECOND: Victor Padilla.

**PASSED**

10. **GSS 2013/2014 Budget**

- The GSS had a surplus of $118,074 in 2012 so far. As such more money will be spent this year on initiative’s that will benefit the GSS and graduate students.

- Services: there were 5 major expenditure items: Special events, Contract work, Orientations, Weekly events and Athletics. The proposed budget will allow the GSS to have 6 multicultural events this year at the costs of $1,000 per event.

- Academic and External Affairs: there is an increase in the budget, mainly because Advocacy will now have its own budget line and because it now includes the Grad Student Emergency Fund as well.
GSS Council Meeting Agenda
May 16th, 2013
GSS Ballroom

- Bookings: The room rental costs are expected to increase a bit, but equipment rental should bring in profits. The building requires several repairs/maintenance which will be costly as well.
- Executives: Travel/conference costs were reduced. More budget required for the awareness campaign (videos for advertising/promotion of GSS and other clubs and associations), as well as new elements to be incorporated into the elections process.
- It was asked and answered that the income from ski trips was put into weekly events, and it is estimated to be around $5,000.
- It was asked and answered that actual weekly events will break even (costs and income of $800 both), and special events are expected to bring a revenue of $6,000.
- It was asked and answered that hiking and ski trips have positive revenues, but no information on the upcoming cultural events was given despite requests for it from councillors.
- It was asked and answered that the study room has potential for additional revenues; right now it is used by the advocacy office, but will be available as rentable space soon.
- It was asked and answered that the GSS will host meetings with graduate student organizations across campus to find how we can work together, improve student life and increase involvement. The budget for this is $1,000 per meeting for two meetings, to cover room and food.
- It was asked and answered that we have organizations working with graduate students off campus, such as GrasPods; this program will be extended to other places within VGH.

BIRT Council approves the 2013/2014 preliminary budget as presented.

MOVED: Lili Meng; SECOND: Jeff.

11. Masters of Management International Tuition Differential Proposal

- Colúm informed Council that the GSS submitted their feedback on the MM international tuition differential proposal to the UBC Board of Governors in a joint document with the AMS.

WHEREAS the Sauder School of Business has proposed the introduction of a $12,000 tuition differential for international students in the Masters of Management programs;

WHEREAS the proposed tuition increase would make international tuition 45% greater than domestic tuition in a program where domestic student seats are not government subsidized;

WHEREAS this proposed tuition increase is not a cost recovery measure;

WHEREAS the GSS and AMS have concerns about the proposed allocation of the additional tuition revenue and the deficit in rational and assurance of direct benefit to international students;

BIRT the GSS oppose the proposed international student tuition differential for the Masters of Management programs;
BIFRT the Vice-President Academic and External Relations express the GSS’s stance to the University Board of Governors through a formal submission;

BIFRT the GSS Council accepts the submission prepared by the GSS and AMS entitled “Board of Governors Submission - Master of Management International Tuition Differential”.

BIFRT the GSS recommend that the Board of Governors adopt resolutions that provide a tuition guarantee for multi-year graduate programs and require that international graduate student tuition be cost recovery only.
