b. Matter #1 Presentation/Topic Title:
   i. **Group responsible**: Hanna Murray, VP External Relations & CASA Chair
ii. *Presentation time*: 10 minutes

iii. *Presentation description*: What CASA is and what it has been doing.

iv. *Proposed objective*: Updating the GSS Council about CASA meeting and its future goals.

v. *Relevant materials*: None at this time.

**Presentation:**

**Presenter:**

**What is CASA?**
- 22 yrs old
- Collective of student unions and associations that represent members’ interests to the federal gov.
- Represents undergrads, graduates, and college associations
- Promotes: affordable, innovative post-sec education

**Federal Role in PSE**
- Global affairs esp. international students
- Finances
- Indigenous and Northern Affairs Canada: Post-Secondary Student Support Program
- Health Canada: Mental Health (on-reserve ed)

**Student Aid:**
- We partner with diff organizations throughout the country that impact post-sec ed and fundings
- A lot of prevalence with international students and graduate students
- We engage with federal gov. on PSE issues

**Advocacy at CASA**
- A lot of attention put into Advocacy Week in November-- we participate in meetings throughout AW
We have meetings with senators and according to lobby monitor we were one of the largest advocacy organizations for that quarter.

- We engage with the media: Michael McDonald is our current executive director.
- We participate in a lot of research.

**Current Priority:** Financial barriers, specifically for this year to expand grants to grad students (Canada Student Grants). We want to provide [graduate students] the same access [as undergraduates].

**International Students:** We found a crossover in our research with international students and grad students. We want to make sure they're given the same rights as domestic students.

**Indigenous Education:** We don't have an Indigenous institution representative due to financial barriers and a small population. CASA priority with Indigenous ed: making sure our policies incorporate Indigenous perspective through consultation.

**Fundamental Research:** We have seen investments through the Liberal gov. We're working towards finding ways for students to be more prepared. We're trying to make funding a lot more equitable.

**Copyright:** We're looking to collaborate with other stakeholders to make sure education exemptions are preserved.

Motion for a ten minute extension.

**MOVER:** Mackenzie L.  
**SECONDER:** Nathaniel L.

Motion passed.

**Presentation con't:**

**Priorities/ Areas of Interest:**
- Student Aid ie Health wellness
- Indigenous students
Financial barriers
Educational materials
International students

(If you are interested in participating in our committee, we welcome you, our meetings are open and we will circulate materials to you.)

**Developing Solutions:** We write policies, and we go through a process: it starts with research, we create a paper, consult with stakeholders, and then we create a policy.

1 success I am most proud of is getting the federal gov. to invest $90mil in budget 2017 for Indigenous Education Funding.

**Questions:**

**Peter:** Are you talking to libraries as partners re: copyright business?

**Presenter:** Yes. We have taken recommendations from libraries and book stores. It varies from institution, but librarians are very supportive.

**Alyssa:** RE ongoing papers for Oct 2017 on student mental health-- what focus do you have specifically for graduate students' health?

**Presenter:** What we're finding frustrating is the divvying of funding varies from province to prov. There is great work coming from the University of Montreal grad council, and they undertook a study that provided a report on the specific barriers that grad students face in the realm of mental health, and how those things are often compounded by their experiences being specifically grad students. I've also been talking to Think Grad-- this is one of their focuses on producing a white paper. We represent different types of post secondary, but each of those experiences are nuanced; each paper will be sectioned.
Krish: RE inequity in CIHR-- what do u mean by inequity?
Presenter: Talking dollar specifically, tri-council agencies-- the funding for NSERC is 1.12bil, SSHRC is 1.03bil, and CIHR gets 0.35bil. So there is quite a staggering inequity of funding, also accessibility for undergrad research is quite hoarded. NSERC is currently the only faculty that provides undergraduate funding for research projects and only specifically for the engineering faculties. SSHRC and CIHR don't have any of those opportunities and it disadvantages primarily undergrad institutions.
Shona: To elaborate on Krish: the numbers are quite different-- does that mean they're inequitable? How does that mirror the amount of students in these jobs?
Presenter: It comes down to indirect costs of research. With NSERC and SSHRC, often times you need a lab, and there hasn't been a focus on health related research within the academic setting because that funding comes from health funding. They wait until someone from a, ex. hospital, and they collaborate with them. Even the funding pool itself hasn't been streamlined.
Shona: How are you striving to make it more equitable? And... the answer is it's really complicated?
Presenter: I am not an expert. Based on what I have seen, it depends on institution that you're researching from or partnering with, indirect costs, etc. We're also trying to make sure grad student research is equitably valued based on mandate or independently driven. Those are some factors... I can follow up and send you a response.

c. **Matter #2 Presentation/Topic Title:**
   i. **Group responsible:** Vasilii Triandafilidi
   ii. **Presentation time:** 10 minutes
   iii. **Presentation description:** Innovation OnBoard program
   iv. **Proposed objective:** This entrepreneurship initiative is a 6-month program filled with entrepreneurship seminars, workshops and a Dragon's Den-styled competition. It would likely have a great value for graduate students.
   v. **Relevant materials:** None at this time.
Presentation:

Presenter: Who wants to start a company or make a technological breakthrough through entrepreneurship? [Creating technological innovations] require research, commitment, capital, and our certain program is meant to help you.

- 6 month program
- Includes entrepreneur seminars, mentorship opportunities, and workshops
- We are focusing on technological innovation
- Themes: 1) Food, 2) Health Care, 3) Environment and Energy

Team Social: Can apply as teams or individuals. We will organize social events where we'll partner up two individuals so they can share experiences and create a team. Then we partner teams with mentors: 1) An entrepreneur 2) Expert in the profession

Workshops: on intellectual properties, competitive intelligence, etc

Idea Fair: All teams will present their ideas in a big room, and all visitors will be given monopoly money to invest in the startups they like. Top 5 teams qualify for the next round.

Next round (like Dragons’ Den show): You present your idea to successful entrepreneurs, and they will evaluate from their professional POV. If you win there are lots of prizes: (1st place) $5k, (2nd) $3k, (3rd) $2k. Top teams get into Lean LaunchPad.

E-mail contact@innovationonboard.ca

Questions:

Yahya: (1) Those within the realm of tech companies are often restricted to making apps. Is there any plan to assist other types of entrepreneurs, or just focused on app programming?

Presenter: Agreed. We're ready to provide a lot of support. We are starting from applied sciences, and providing IP workshops, rapid prototyping. You can test your technology, and not just as
Yahya: (2) It seems unfeasible to do certain types of engineering research.

Presenter: We are a platform to Jumpstart. Most ideas will have certain things nucleated eg. through Ph.D research or engineering design team. After this program you will be paired up with those who have bigger amounts of money. They will provide you with access to bigger values of capital. We jumpstart your idea to something that resembles venture. At this point, if you have solid things and connections you will have access to capital.

Bradley B: What do you want to gain from the GSS? Funding? Advertisement?
Presenter: Both -- mostly advertisement. We will get enough funding from companies, but it's always good to have involvement from the GSS and other events at UBC.

Krish: What opportunities will there be for people who are not in sciences? For ex. I am a lawyer.
Presenter: There is valuable experience in joining the venture. You are more familiar with paperwork unlike engineers.

Alyssa: What is the timeline for signing up, and advertisement for those interested in joining?
Presenter: We start in Sept, and have until Dec to sign up for a workshop. Competitions start in Oct and finish in Nov. If you want to just attend a workshop, you are welcome -- you just need to sign up.

Nathaniel: Who do you refer to when you say “we”?
Presenter: We, the organizers; me and two other cofounders; Blair Simonite, Program Director of Entrepreneurship@UBC; James Olsen, Dean of Applied Science; Administration of Chemical and Biological Engineering.

d. Matter #3 Presentation/Topic Title:
i. Motion: VP Students' 2017--2018 Budget

WHEREAS...

BIRT HF recommends the 2017–2018 GSS VP Students' GSS budget to Council as presented.

MOVER: Nathaniel L. SECONDER: Jenn Motion: 7/0/1

Move to amend agenda: remove the motion above because the same motion had been passed in the previous council, and replace with the motion below.

MOVER: Alyssa K. SECONDER: Atefeh M.S

Abstained: Emily Murphy

Motion passed. Agenda amended

WHEREAS GSS Council passed the 2017–2018 GSS budget on the condition of revising the VP Students budget at the August Council meeting.

WHEREAS the HF Committee has recommended and updated VP Students budget to Council

BIRT GSS Council adopts the revised VP Students 2017–2018 budget as presented, in place of the VP STudents budget presented in the July GSS Council meeting.

MOVER: Shona R. SECONDER: Alyssa K.
Discussion:

**Shona:** Arezoo and Dante put a lot of work into rising the VP Student budget. They extended the student initiative fund by 8k, so keep track of the Services Committee because they figure out how to distribute that. HF was very happy with us.

      iii. Academic & External Affairs Committee
      iv. Graduate Council
      v. Senate
      vi. Board of Governors
   b. Questions?

Nathaniel: One of our senators have resigned, and the other will be working away from senate itself in the coming term. What kind of provisions or plans do we have in terms of replacing the senator?

Taran: We don't have any mention in the bylaws or policy manuals regarding if the senator resigns, so I'm not clear right now on how we re-elect the senator. I have accepted the resignation of Miranda Huron. Another senator has contacted me recently, that the senator has changed his mind and he will be working as usual.

Mackenzie: The process to replace senator: the AMS gets to replace senators and the AMS does it based on our recommendations. [The AMS] will tell us to pick a senator, and they'll send a letter to who we pick. We as a GSS will be able to make that decision but we have to work with the AMS.

3. GSS Updates (~100 words, sent in advance and included in the final agenda)

a. Strategic Theme 3: Our Graduate Student Society
   
   - President
   - Taran Dhillon
   - Talked to Adrian Fischer, MD Campus Experience, UBC about the inauguration of Indian Residential School History and Dialogue Centre scheduled for September 28 at which UBC will be directly addressing one of the major recommendations of the Truth and Reconciliation Commission, and Adrian has requested inputs from GSS for the official apology to the indigenous people that will be made by UBC and will be broadcasted live
   - As promised, we have bought the gift (Thunder & Earthquake Blanket) for the elders of the Ts'aaahl clan i.e. Chief Gaahlaay
   - Also we are working towards making donation for this program in the Haida community http://www.skidegate.ca/Pages/programs/ship.html as part of the reconciliation
   - I am working with the ex-GSS president Gen Cruz to write a letter of apology signed by me and her which will be sent as a package to Chief Gaahlaay, in our attempt to reconcile the past use of the logo.
   - We are working with the Anthropology Department to promote GSS among the new incoming graduate students by sharing the GSS “swag” (GSS merchandise) with their incoming September grads this coming year.
   - In order to increase the presence of GSS on social media and to improve the communications and visibility we have introduced two positions for Work
learn students as follows: **Visual Communications Manager** and **Digital Communications Manager**. These two positions will help us manage our websites and social media channels, develop engaging digital campaigns and cultivate a strong online graduate student community.

- **Financial & Executive Oversight Officer**
  - **Dante Mendoza**
  - Thank you all for your kind support and meaningful feedback, as the House Finance committee finally voted and approved the VP Students Budget.
  - I feel relieved that we were able to complete this important milestone and I trust this budget will enable GSS and Executive members to pursue the plans and goals of the society for this year and the future.

- **Executive Oversight Committee**
  - **Dante Mendoza**

- **Governance & Accountability ad hoc Committee**
  - **Natalie Marshall**
  - The G&S Committee has completed an up-to-date organizational flowchart for the GSS. Using this flowchart as well as a professional external review of the GSS from 2010, we have begun to identify gaps or sources of confusion in our governance structure. We have organized these gaps into five preliminary themes: (1) Council size/structure and Councillor engagement; (2) Institutional memory & continuity; (3) Engagement with our membership; (4) Executive & Councillor orientation/training/development; and (5) Code and policy. We will continue developing these themes to develop priorities & recommendations to improve our structure and policies, and will be engaging relevant committees for support in the future months.

- **House Finance Committee**
Jennifer Campbell

Since last council meeting, HF has been working with VP Students to finalize that portion of the budget. We are presenting the 2017-2018 VP Students budget today for approval from council.

- Code & Policy Committee – No Updates

- Human Resources Committee
  - Arif Arif
  - The HR committee has received more than 70 applications for the position of part-time Administrative Assistant and we have started the process of interviewing and shortlisting the candidates
  - The process of interviews of the Advocacy Coordinators is in progress this week and the two member committee will release the results and the final list of selected candidates very soon
  - We have started drafting the duties and job description of the General Manager and will soon put out the job posting for the position once we have finalized the job role and duties.

- AMS Council
  - Bradley Balaton

- Elections Committee – No updates

- GSS/AMS REFERENDUM AD HOC COMMITTEE

  a. Graduate Student Community

        - Arezoo Alemzadeh Mehrizi
        - bard on the beach sold out – Stanley park bike tour sold out but cancelled! 3 of their guides were in a car accident, and they had no guide for that day– celebration of light festival meet–up was held
ii. Services Committee
   • Matt Gynn
   • The services committee has helped work out a memorandum of understanding with Graspods in place of a contract that had been previously discussed regarding the volleyball nets purchased earlier in the summer of 2017.
   • The services committee has discussed the VP Student's 2017-2018 budget and we believe after further clarification that the budget is acceptable.
   • There is room in the budget to increase the event fund to $18K this year, compared to $10k last year. The services committee is in on-going discussions to determine guidelines that aim to ensure fair distribution of the event fund for the upcoming year.

iii. Harassment & Discrimination ad hoc Committee
   • Katerina Othonos
   • During our August working meeting:
     • Decided on a qualitative data analysis plan/key
     • Divided the work to be replicated by 3 separate groups of committee members
     • Key/plan will be re-evaluated based on first draft of analysis results
     • This will establish an analysis plan for future surveys
     • On-going till our next working meeting in September:
     • Finalize document with the survey data (no qualitative yet)
     • Complete a first draft of qualitative analysis document
     • Divide work for policy and literature review for the final report
     • Communicate with executives and SEER group about sending the new version of the survey out during the next term

**Taran:** Brief updates: I talked to the Managing Director of Campus Experience, Adrian Ficsher, and this year UBC is planning to inaugurate the Indian Residential School District Centre on Sept 28, and UBC will officially apologize to the Indigenous people. All the classes will be stopped for 1 hour, and the school will be broadcasted live throughout the entire country. They have asked the GSS to share any ideas for this event. I shared with the Managing Director that we are also a part of the reconciliation with the Haida nation, and if possible, we could have both these events align together.

**Arezoo:** The Services Committee talked about how we can improve the experience at orientation, and one way is with the involvement of GSS members. Usually new students are shy, and they need someone to talk to them and make events more social. I posted this on the Facebook page but we didn't get a response. Come and talk with the students and give your experiences and any
type of social skills is really appreciated.
