      Amber: I have a question, which is directed to all Execs: Where was GSS at UBC’s budget consultations? No Executives were to be seen attending.
      
      John: We attended consultations with VP Students in October. We did not put an input as they called us and showed us what the budget was, and we did not have enough time to prepare for a consultation.
      
      Philip: I want to say it is information for consultation.
      
      Alexa: What is going on with the consultations for the Loft in the AMS space?
      
      John: We have had a notice of the end of our lease with the AMS. The last time we had discussions was sometime in August and the question who was in control of the space was clear – the GSS.
      
      Jun: Elections decided on the dates for GSS elections and nominations start tomorrow. You can find the exact dates in the Updates, on the bottom of this agenda.

**Matter #3:**

Executive Team Priority : Graduate Life center:
1. At its August 2018 Committee meeting the Exec team adopted the Graduate Life Center project as a Committee goal, in collaboration with FOGS
2. During the proposal rounds of the UBC Strategic Plan Implementation Advisory Committee of 2018, a joint proposal was submitted to the committee by the GSS, FOGS and VPS office, being the collaborating partners on the project.
3. Mr Nicolas Romualdi, acting on delegation capacity on the SPIAC for John Ede, presented from the GSS Strat Plan in favour of graduate student spaces and the Grad Life Center.
4. A joint meeting comprising of GSS Execs, Dean Susan Porter, Interim VPS Andrew Parr, and VPS/FOGS staff was held on Nov 2018 to further discussions on the
5. The Grad Life Center has been adopted into the UBC Strategic plan under the theme “People and Places”

** Please attach Grad Life mail item and Grad Life doc as supporting documents **

Speaker: Any question?
Jun: I have a question: What is the timeline for the Grad Life Center? When will the renovation be done? I spoke to Vivian, our Interim GM, and I learned that UBC is paying most of the cost for the Grad Life Center.
John: The project is still in its formative stages – there is no timeline in place before we know the span and scope of the project. One of these will be a consultation with grad students to understand their needs. The proposal is for a committee to give an assessment for the possibilities of an expansion and renovation of the Thea Koerner building. In our talks we did mention that our priority is for a dedicated space for grad students, but we don’t have a financial commitment. Funding has not been discussed yet.

Matter #4
Group Responsible: Elections Committee – Theresa P.
Subject Matter: Announcing the voter turnout survey
Description: The Elections committee is conducting voter turnout survey from Jan 11 for 4 weeks. We are distributing five survey printouts to each Councillors attending January Council meeting. The goal is specifically to reach people who are not associated with the GSS and/or have not voted in the last year (2018). We decided to mainly have this questionnaire in hard copy format to prevent grad students from bombarded by online questionnaires. Please read Elections Committee written updates for more details.

Speaker: Any other questions? I see none. Moving on.

2. Matters for Decision
   a. Seatings
      i. New Councillors
         BIRT the following Seatings of new Councillors be approved:
         Nevena Rebic to be seated as a Councillor for the Faculty of Pharmaceutical Sciences.

         MOVER: Nicolas       SECONDER: Arash
         RESULT: For (35): Rahaf al Assil, Farah Deeba, Karen Devendrakumar, John Ede, Eric
ii. **Group Responsible:** Code & Policy Committee  
**Subject Description:** Amendment to Policy regarding Committee Composition (6.1.3, 7.2.1, 7.2.2, 8.2.1)  
**Relevant Materials:** None  
**Motion:**  
WHEREAS many GSS committees have historically had a declining Committee membership, while many councillors have not joined a committee;  
WHEREAS the members in committees are crucial for the operations of GSS;  
WHEREAS Policy 6.1.3 reads “Each councillor shall endeavour to join at least one committee of Council and participate in its activities.”  
WHEREAS Strategy Plan Priority 2.2 Goal D. Provide opportunities for all GSS members to participate in and contribute to the GSS community, as Councillors, Executives, Ordinary Members, volunteers, or Affiliated Organizations.  
WHEREAS Policy 7.2.1 establishes 5 seats on committees for councillors and 3 seats for ordinary members  
WHEREAS two elections were held during October 2018 Council meeting because more than three ordinary members were interested to join GSS committees.  
WHEREAS GSS should be more welcoming to ordinary members to join its committees and participate in their activities.  
WHEREAS the Executive Committee is defined as a Standing Committee (Bylaw 9.1.a), and Policy 7.2.1 setting numbers of seats for “every Standing Committee” would ordinarily apply to the Executive Committee.  
WHEREAS Policy 8.2.1.b establishes a mechanism for seating Councillors to the Executive Committee by special resolution, but does not define the duration of that appointment.

**BIRT** by special resolution Council amends Policy 6.1.3 to read:  
6.1.3 Each **departmental representative seated as Councillor shall endeavor to** join at least one committee of Council and participate in its activities.

**BIFRT** by special resolution Council amends Policy 7.2.1 to read:
7.2.1 Every standing committee shall have the following number of seats 
(a) 5 seats for councillors,  
(b) 5 seats for ordinary members not seated on council, and  
(c) as many required in the committee's terms of reference for ex officio members.

BIFRT by special resolution Council adds Policy 7.2.2, and amends Policy 8.2.1.b to read:

7.2.2 Notwithstanding Policy 7.2.1, a committee may define specific numbers of councillor and ordinary member seats in its Terms of Reference, in which case this will override Policy 7.2.1

8.2.1 The Executive Committee shall:  
(a) Consist of all Executive Officers as voting members and the FEOO as a non-voting member,  
(b) Not consist of any councillors or ordinary members, unless Council appoints a councillor to sit as a voting member on the Executive Committee, by special resolution. In this case Council will define a period of time for the appointment, and at the end of the appointed period, Council may re-appoint the councillor by the same process.

MOVER: Code and Policy Committee SECONDER: Victoria G.

Amber: I am really, really concerned about this as this is part of a larger issue in terms of how we are participating in the GSS. I am concerned as this is tied with the fiduciary duty of councillors – I don't think that prescribing involvement will inspire participating. For example, in addition to being a Senator I sit on three committees in Senate. I don't think that that is represented fairly in this policy. I think we have to be careful about prescribing the duties of councillors as it is hard to get volunteers. I am also confused about 7.2.2. – is it there to override ... or ? Conny: It is legal – you can have a policy overriding another policy. Amber: Does that mean that a committee can have three councillors? Nicolas: The current policy compels us to be a part of a committee. The text is “Councillors shall endeavor to ...” A committee has to submit its Terms of Reference to Council for approval, so Council will have the last word on how many Councillors are actually in a Committee. I agree that the word Councillor puts together Grad Council reps, AMS reps, and the other external reps, so I would like to propose an amendment “Each departmental representative seated as Councillor”
Speaker: I have Nicolas as a mover, do I have a seconder?

MOVER: Nicolas  SECONDER: Theresa
Against (1): Xana Prendes
Abstained: Amber Shilling, Alexa Tanner

Arash: I also have a strong issue with mandating people to join committees. We have to do a better job to motivate people. It is something people should like to do.
Gloria: I have an issue with mandating people to join committees, it does not take into account that I do field work and a lot of time I am away from Council. I and the other students in my department will not be able to or will have great difficulty to come to Council and go to a committee.
Kate: The current reading is that each councillor “shall endeavor to join …” – there is already the intent that councillors should be in committees. This wording is extremely vague. Given that committees are important for Council’s work, we should encourage participation in them.
Theresa: If we have people seated on committees, who are not motivated to be there, then there is the quorum issue and committees will not be able to work again.
Solomon: The main work of a legislative body is in the committee. If you just come to Council then you are the object of a vote – you just vote by following someone else's advice. My suggestion is to accept this new policy.
Victoria: I don’t mind either way “shall” or “must” – both have the same intended meaning. What would hypothetically happen if one did not join a committee?
Conny: Our policies don’t have any teeth – so you just violate the policy, but there is no punishment clause.
Karanpreet: Can I join more than one committee?
Kate: The text is must join “at least one committee”, so you can join as many as you wish.
Claire: Both of these wordings seem to indicate a similar thing – must is perhaps a stronger language ... If there is no consequence if you don't join a committee, I don't think it is necessary to impose this stronger language.

Rory: What would be the point of participating in the GSS if you are not on a committee? This is where the real work gets done.

Alexa: We should do more to make these committees more enjoyable and make people want to join.

Lois: What are external representatives?

Conny: They don't need to sit on a committee.

Nicolas: These are our representatives to Grad Council, to AMS' Council, etc.

Lois: Can we be more creative in incentivizing participation? For instance, improve how we run meetings ... If there is resistance against mandating, the opposite would be to incentivize.

Nicolas: I would like to congratulate CPC on this motion – it is a job well done. I also want to point out that if we don't pass the amendment I suggested, we are mandating senators, Grad Council reps, etc. to join a committee. I also agree with the need to incentivize, but this is a separate conversation. I move to change “must” to “shall endeavor”, but remove the burden from external reps.

Conny: Is this friendly?

Kate: Nope.

MOVER: Nicolas SECONDER: Arash

Against (7): Rahaf al Assil, Solomon Atta, Farah Deeba, Jun Sian Lee, Logan Lorenz, Andras Szeitz, Lily Takeuchi

Abstained: Tayo Olarewaju, Kate Sedivy

Conny: It passed.

Gloria: Why are external reps and why are they excluded from serving on a committee?

Nicolas: Because external reps and Execs are overloaded with many other responsibilities. External reps go to a number of different meetings.
Alexa: The current AcEx policy postulates that a senator needs to sit on a committee. Is this not in conflict with the policy?

Conny: No, because you are ex officio member of the committee.

Amber: In the context of these amendments I am much less antagonistic. I want to point out 7.2.2.b – we have had great interest ... I am supportive of this. The removal of the prescriptive language feels much more important to me.

Kate: If people object to the first part of motion, don't sink the other two. I think it is important to have a standard for each departmental rep to be seated on a committee. So I would like to propose the following amendment:

“If a departmental rep is not seated at a committee while there are open seats ...”
The reasoning behind is that if there is a shortage of committee members there may be a need to penalize councillors, who are not engaging with the GSS.

Conny: I have Kate as mover. Is there a seconder? No seconder? None.

Lois: Point of information – is there a specific time that seating needs to happen?

Conny: No.

Andras: Given the lack of enforcement of this policy – perhaps the simplest clause is the most effective.

Victoria: I am in favor of the motion as it currently stands. I would like to encourage fellow students to recruit ordinary members. I would also like to call the question.

MOVER: Victoria  SECONDER: Arash

Speaker: Ok, now back to the policy change. I think it is 2/3 vote as well.

Romualdi, Arash Shadkam, Amber Shilling, Gurjot Singh, Andras Szeitz, Darren Touch
Against (1): Gloria Mellesmoen
Abstained: Pouya Rezaenia, Alexa Tanner, Omri Wallach

Speaker: Motion carried.
Jacob: I would like to ask if BOG representatives are members of Council?
Nicolas: No. They are invited to attend Council, but cannot vote because there is a conflict of fiduciary duties.

**Matter #2**
**Group Responsible:** Executive Committee
**Subject Description:** Withdraw from CASA for the next membership year – 2019

WHEREAS VP External presented the pros and cons of membership with CASA during December 2018 Council Meeting,
WHEREAS the Executive Committee has researched the advantages and disadvantages of membership given the annual fees for CASA,
WHEREAS there was a CASA representative during October 2018 Council Meeting, who was able to answer outstanding questions from Councillors and Executives

**BIRT** that the GSS – UBC Vancouver withdraws from CASA at the beginning of next membership year and VP External and Interim General Manager manage the process according to CASA’s rules.
**BIFRT** the GSS – UBC Vancouver will cease to pay CASA membership fees with effect
from the 2019 CASA financial year.

**BIFRT** despite that said withdrawal is entirely financial in nature and the GSS – UBC Vancouver remains disposed to collaborate with CASA and attend their events insofar as withdrawing financial membership may allow.

MOVER: Eric SECONDER: John

Amber: If I remember correctly there was a mention of a White Paper – why haven’t we seen it? How are we to make up our minds without the paper? What is the next membership year?

Conny: Their fiscal year.

Gurjot: We will publish the report soon. The final date to notify CASA that we withdraw is Jan 30th of this year to end the next membership year.

Claire: There was not a clear recommendation in Gurjot's presentation. Do the Execs have a clear recommendation given that we don't have a White Paper, or other evidence convincing us to vote. I do not think we are currently in a proper place to make this decision.

John: Our motion represents our recommendation and decision. This discussion has been in the Executive Committee for four months – we vigorously considered pros and cons, discussed this with our Interim General Manager ... most big schools are not members in CASA because most education lobbying is done on a provincial level. Ultimately our decision came from a financial position – we have been members of CASA for over 8-9 years, we have spent more than $300 000, but the impact of CASA on our graduate community has not been commensurate with the money we spent. VP External made a presentation and we assumed his presentation was sufficient – it is in the notes from December Council.

Ty: What is the purpose of the White Paper then?

Gurjot: The White Paper, which is produced by me, Ben, and Anam is about our input to mental health on campus.

Nicolas: The question is are the benefits we get worth $30k+? CASA has an easy-in / easy-out, so we can always rejoin? What we need to ask is – has someone convinced us that we should keep on paying membership. For me – I don’t see the evidence.

John: It is about the cost–benefit analysis. Reducing our financial burden is vital as we don't know what the future of graduate student organizations in Canada is. If we don't withdraw by Jan 31st, we will continue to be involved with CASA and pay the fees.

Amber: I don't think there has been adequate evidence. Will the Executives continue traveling to Ottawa even if we are not official CASA members? Can VP External provide three pros and cons of staying in CASA for those of us, who do not remember his presentation.

John: The next Executives can decide how much money they spend on travel for CASA,
but for now it is in the budget.
Gurjot: Let me read three pros and cons from my presentation in December.
Philip: I also want to remind you that the previous VP External suggested that GSS pulls out from CASA.
Nicolas: We are the only major graduate university in CASA. If we stop being a member, we will not lose our voice, they will lose their voice on behalf of graduate students.
Kate: Move to amend and add a BIRFT clause that VP External researches how we can maintain our voice at the federal level and present this at the April meeting.

MOVER: Kate  SECONDER: Jun

Kate: The idea is that if we are concerned about ways with which to use our voice more effectively at the federal level, we will perform a thorough investigation.
Nicolas: The issue of the main motion is CASA, not tasking VP External with extra work. Can I have a ruling on whether the amendment is in order?
Conny: Yes, it is relevant.
Tayo: We had a robust discussion on CASA last December. Certain recommendations were made. Based on discussion of last meeting, there is no new evidence presented upon which we should make this decision. This is why I am happy with the amendment.
John: I yield.
Lois: The present government is pro-funding and the increase is not related to CASA – it is related to current government policy.
Nicolas: I strongly advise against talking about the amendment. Let's vote on it and then go back to CASA.
Conny: Do I have a mover?

MOVER: Eric  SECONDER: John
RESULT: For (11): Rahaf al Assil, Phil Angel, Victoria Gomez, Sara Izadi-Najafabadi, Philip Karangu, Jun Sian Lee, Tayo Olarewaju, Claire Preston, Kate Sedivy, Andras Szeitz, Darren Touch
Abstained: Solomon Atta, Kamaldeep Gill, Lois Musser, Nevena Rebic, Omri Wallach

Conny: Back to main motion
Arash: Historically we have not gotten much out of CASA. If we withdraw this year, are we losing any potential opportunities for lobbying in light of next year's elections?

John: Provincially is where our strength comes from and we still have ties to CASA.

Alexa: Why did GSS decide to join CASA in the first place?

Conny: AMS used to be the member and pay the fees at the time. We really needed it at the time as funding was determined at the federal level.

Claire: There are many of us here who are receiving funding by the Tri-Agency. Recently, there has been lots of funding that directly benefits us as graduate students. As grad students we do research and the research requires funding. Perhaps if we lose our voice we diminish some of the strength of the organization and our livelihood in these labs.

Tal: There are other avenues in which we participate on the federal level – ThinkGrad and CAGS. CASA is actually not the best venue for this type of advocacy.

Victoria: We can join CASA later if we decide too. We aren't losing all of our federal voice. We have all the information to make a decision.

Matter #3

Person Responsible: Governance and Accountability Committee

Objective: To establish an oversight body of the G&A

WHEREAS the Governance & Accountability was struck as a Standing Committee as a result of the 2018 referendum, and

WHEREAS the GSS 2017-21 Strategic Plan establishes objectives for the structure of the oversight system of the GSS for all executive positions and standing committees except for the Standing Governance & Accountability committee, and

WHEREAS the Terms of Reference of the Governance & Accountability, as approved by special resolution of the GSS Council, require the Committee to propose to Council oversight mechanisms for itself, and
WHEREAS the Committee has reached out to the GSS President and he has agreed that the Executive Committee is a suitable GSS body to provide oversight for G&A, since their oversight is done by the Executive Oversight Committee,

BIRT the GSS Council assigns the responsibility of oversight of the Governance & Accountability goal setting and goal progress review to the GSS Executive Committee. BIFRT the Executive Committee shall report to Council on the setting of G&A goals in the regular February Council meeting and on progress at the same meetings as the Governance & Accountability presents on the other Standing Committees and Caucuses.

MOVER: Nicolas SECONDER: Victoria

Nicolas: Before G&A was an ad-hoc committee, but now it is a permanent one. We are facing the question “Who watches the watch dog? Who is exercising oversight over G&A?” Presently, we are suggesting that oversight is done by the Exec Committee, which does not fall under our purview.
Philip: Is the FEOO a member of your committee or not?
Nicolas: The FEOO is a non-voting member of the Executive Committee and we are removing this conflict of interest.
Victoria: Executive committee will oversee G&A just for the goal-setting part and not ad infinitum.

WHEREAS the HR Committee, the FEOO, and GSS Executives provided Vivian with four main goals upon which she would be evaluated on after three months

WHEREAS the HR Committee, FEOO and GSS Executives met with Vivian numerous times over the Interim period to monitor and support the progress of these goals

WHEREAS the HR Committee, FEOO and GSS Executives reviewed Vivian's progress on each of these goals after the three month Interim period and unanimously voted to promote her to the position of full-time General Manager of the GSS

   **Time:** 15 mins

   Amber: In terms of feedback – if I request a revision of the Minutes Template?
   Nicolas: One of our goals is to create a new Agenda Template.
   Amber: Also, I would recommend more openness to joint work among Execs and committees – one point will be about how we can promo committees better? Highlight their meeting times? Also I would like to see in the goals – flexible meeting arrangements, such as joining a committee meeting through skype.
   Nicolas: We want to create an interactive organizational chart, which will explain what committees do. I like your idea to have the goals somewhere where you can easily progress. There is nothing in our policies to say that you cannot join a meeting via skype – maybe we can formalize this for committee meetings and Council as well.

Presentation description: Introduction to UBC Student employee statutory pay issue
Proposed objective: Solicit suggestions for how GSS Council can approach the issue/advocate
Relevant materials: Stat pay for student workers.pdf in supporting documents

Kate: This also applies if you are required to work?
Victoria: This applies regardless.
Gloria: What does this mean for people who work as TAs?
Victoria: This isn't super clear – it is whether you are designated as a UBC employee. This is something you should bring to the attention of your supervisor.
Alexa: As a TA I think five hours of your TA hours go to training. I know that TAs get paid for 5h that you are not TAing because of these hours.
Ty: Would you know if you are represented by an union?
Victoria: No, UBC students are not unionized, we fall under UBC payroll and finance.

   CPC has incorporated suggested improvements to our amendment on committee composition announced in December, and brought the improved amendment to this Council. We have discussed additional possible changes to committee policy with G&A and administrative assistant Maria; these require additional research and consultation. We have begun discussions with Graduate Council Caucus regarding the formalization of their group, as was referred to CPC in December Council. We have continued to address formatting problems with the Word Document Policy Manual, and compiled a list of updates to be applied. Finally, we are beginning initial research into the amendments described by our SMART Goals.

   - **Nomination period:** Friday, January 18 to Friday, February 15
   - **Date of All-Candidates Meeting:** Monday, February 18
   - **Campaign Period:** Tuesday, February 19 to Friday, March 15
2) Elections Committee is starting to distribute the voter turnout survey from Jan 11 for 4 weeks, or until we get 200 responses. We will also bring copies to January Council to ask all Council members to give them to friends. Committee members are encouraged to bring copies to any grad student events or ask some of their friends to fill them out. The goal is specifically to reach people who are not associated with the GSS and/or have not voted in the last year. We decided to mainly have this questionnaire in hard copy format to prevent grad students from being bombarded by online questionnaires.
